Work Experience

UI/UX Designer and Application Developer

Anixter, Inc. / 2015-Current

- Planned and produced user personas, user flows, and user interviews to improve the UX of existing and future applications.
- Designed and developed industry leading user interfaces from the initial creation of wireframes to development with HTML, CSS, and JavaScript.
- Orchestrated efforts into transforming existing websites and web applications to be responsive across phones, tablets, and desktop/laptops computers.
- Spearheaded the transition of all web applications to meet WCAG standards.
- Built user interfaces and user experiences in .NET, Java, and coldfusion based applications.

Frontend Designer and Developer

Fuel Travel and The Brandon Agency / 2010-2015

- Responsible for every phase of the design and development process, from creating wireframes and high fidelity mockups to frontend web development with HTML, CSS, and JavaScript.
- Engineered hotel booking engines to be responsive resulting in increase bookings.
- Developed websites onto Wordpress or Expression Engine to improve SEO and content creation.
- Evaluated analytic data to optimize websites and hotel booking engines to increase revenue and eliminate customer pain points.
- Refocused testing guidelines, go-live checklists, and post-go-live support documents which resulted in higher customer satisfaction and a 30% decrease in post-live bug fixes.

Frontend Designer, Developer, and IT Support

SC Ventures and Carolina Media Services / 2007-2010

- Responsible for every phase of the design and development process, from creating wireframes and high fidelity mockups to frontend web development in HTML and CSS.
- Designed internet based advertisements including banner ads and landing pages.
- Managed hosting, domains, and provided IT support including providing technical support and administered the company email system.
- Designed brochures, flyers, and business cards for sales and marketing.
- Supervised resources and assigned projects to teams and ensured their success.

Art Teacher

Young Rembrandts / 2005-2007

- Taught advanced art classes to children in kindergarten through 3rd grade with class sizes ranging from 10 to 23.
- Structured lesson plans, developed assignments, and provided instruction and guidance.
- Facilitated supplies for a team of 4 teachers.

Library Technical Assistant

Woodruff Arts Center and The High Museum of Art / 2002-2004

- Operated the front desk and handled customer support.
- Provided technology assistance and support to professors and staff.
- Mail and package sorting.
